

ParaTransit Eligibility Guidelines

Why Do We Have ParaTransit?

The Americans with Disabilities Act (ADA) of 1990 is a civil rights bill is designed to remove barriers for individuals with a disability. Under the ADA, public transit providers are required to offer a curb-to-curb, demand-responsive ParaTransit service that “MIRRORS” their fixed-route service. This service is for individuals who **do not** have the functional or cognitive capabilities to ride a Westchester County Bee-Lines Bus fixed-route bus. Under the ADA ParaTransit is only required to provide service if both the origin and destination are located within $\frac{3}{4}$ mile of a regular Bee-Line bus route and only during hours when that regular Bee-Line bus route is in service.

What Does Bee-Line ParaTransit Do?

ParaTransit is a shared ride public service for people with disabilities that operate within Westchester County.

Eligible riders are required to make an advance reservation at least one (1) to seven (7) days in advance.

ParaTransit service hours are as follows:

- Core Service Hours, Monday through Friday from 6 a.m. to 7 p.m.; and Saturdays 8 a.m. to 7 p.m.
- Extended services hours, Mondays through Fridays, 7 p.m. to 1:54 a.m., Saturdays from 5:30 a.m. to 8 a.m. and 7 p.m. to 1:54 a.m. and Sundays from 5:30 a.m. to 1:35 a.m. in certain areas of Westchester County.
- There is **NO** ParaTransit service on Thanksgiving and Christmas Day. On major holidays, ParaTransit mirrors the Bee-Line bus schedules.

As ParaTransit mirrors the Bee-Line bus service if a transfer is needed on the fixed route bus to complete a trip, then a ParaTransit rider maybe required to transfer vans at the designated transfer point.

Who is Eligible to Use Bee-Line ParaTransit?

Under the ADA a person with a disability does not automatically qualify for ParaTransit.

A person must be functionally unable to use the fixed-route regular Bee-Line service. Paratransit service is provided to the following three general groups of persons with disabilities:

- Person(s) having a specific impairment which makes it **impossible** and not just difficult to travel to or from the bus stop.
- Person(s) needing a wheelchair lift-equipped bus but it is not available on the fixed route when they need to travel.
- Person(s) that are unable to board or exit from the regular Bee-Line buses even if they are able to get to a bus stop and the bus is equipped with a wheelchair lift.
