Dear Doctor:

The applicant who has asked you to review and sign this form is applying for recertification for Westchester County ParaTransit service. Read the following information carefully since it may affect your response.

Who Qualifies for ParaTransit?

ParaTransit service is designed to serve ONLY those persons whose severity of disability prevents them from using public transportation. Under the Americans with Disabilities Act (ADA), disability alone does not qualify a person to ride ParaTransit.

A person must be FUNCTIONALLY unable to use the fixed-route Bee-Line service. Service is provided to the following three general groups of persons with disabilities.

1. Persons who have specific impairment-related conditions which make it IMPOSSIBLE - not just DIFFICULT - to travel to or from the bus stop.
2. Persons who need a wheelchair lift when a wheelchair lift-equipped bus is not available on the route that they need to travel.
3. Persons who are unable to board, ride or exit from the Bee-Line buses even if they are able to get to a bus stop and the bus is equipped with a wheelchair lift.

What is ParaTransit?

ParaTransit is an alternative, curb-to-curb, demand-responsive public transportation service. It is designed to "mirror" the Bee-Line fixed-route service in terms of service times and areas.

Curb-to-curb and "mirroring" provisions of ADA mean that NO assistance is provided individuals between the door of their starting point or destination and the ParaTransit vehicle. Assistance is provided ONLY to help board and exit vehicles. In addition, ParaTransit is required to provide service only if both the starting point and the destination of a trip are located within 3/4 mile of a Bee-Line transit route during hours when that route is operating.

Part VI: Doctor's Certification

Please read carefully and complete the medical form for your patient. The information you provide will assist us in determining your patient's eligibility to use the Westchester County ParaTransit service. **Print clearly and legibly using block letters.**

individual who has been a patient of mine since (year) _____
and has been diagnosed with the following _____

Please state how the diagnosis would **FUNCTIONALLY** prevent your patient from using the Bee-Line bus system. Your patient's eligibility will be determined by your **DETAILED** evaluation of your patient's physical and/or cognitive conditions. In order for us to process your patient's application, we are requesting that you **please print clearly and legibly and not repeat the diagnosis.**
